THE ITEMS IN THIS CATALOG meet a high threshold for quality. Azure requires transparency from all the companies we work with, and we only choose suppliers that produce foods and products made with only natural ingredients. That means you get nutrient-rich foods and products that are minimally processed with no artificial additives, no preservatives, non-GMO, no MSG, no artificial colors or flavors. That doesn't mean every item is organic. Some are made with organic ingredients but are not Certified Organic. Some go far beyond organic. They all are earth-friendly, non-GMO and meticulously chosen for their healthful qualities.

Azure's Unacceptable Ingredient List For Food Items:

Artificial Colors	Certified Colors	Shellfish Products <i>(except when used as an ingredient in nutritional supplements)</i>
Artificial Flavors	Fluoride	Alcohol
Artificial Nitrates/Nitrites in Meat Products	Genetically Modified Organisms (GMOs)	Tobacco
Artificial Preservatives	Monosodium Glutamate (MSG)	
Artificial Sweeteners	Refined Conventional Sugars	
Bleached Flour	Pork Products	

A Word about "Natural" Flavorings:

Azure is currently reviewing all products that include "natural flavorings" for items that are unacceptable. All new vendors are required to sign a certification letter clearly stating that their natural ingredients do not contain any of the following items:

Monosodium Glutamate	Calcium Caseinate	Malt Flavoring
Hydrolyzed Vegetable Protein	Yeast Extract	Stock Flavoring
Hydrolyzed Protein	Textured Protein	Carrageenan Enzymes
Hydrolyzed Plant Protein	Autolyzed Yeast	Soy Protein Concentrate
Plant Protein Extract	Hydrolyzed Oat Flour	Soy Protein Isolate
Sodium Caseinate	Malt extract	

ON THE COVER: A chicken enjoys the morning sun.

BOOKS ABOUT FARMING

Everything I Want to do is Illegal

Joel Salatin explains with humor and passion why Americans do not have the freedom to choose the food they purchase and eat. From child labor regulations to food inspection, bureaucrats provide themselves sole discretion over what food is available in the local marketplace.

SIZE 1 book \$16.63 ITEM BK672

Pastured Poultry Profits

Joel Salatin's pastured poultry experience spans half a century: tens of thousands of farmers around the world have duplicated the model with similarly gratifying results. This book will lead you down the path.

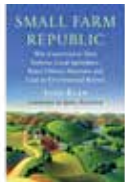

SIZE 1 book \$24.09 ITEM BK675

Salad Bar Beef

The salad bar beef production model offers hope to rural communities, to struggling row-crop farmers, and to frustrated beef eaters who do not want to encourage desertification, air and water pollution, environmental degradation and inhumane animal treatment. Because this is a program weighted toward creativity, management, entrepreneurship and observation, it breathes fresh air into farm economics.

SIZE 1 book \$24.25 ITEM BK677

Small Farm Republic

In Small Farm Republic, John Klar, and agrarian conservative in the mold of Wendell Berry and Joel Salatin, offers an alternative that puts small farmers, regenerative agriculture, and personal liberty at the center of an environmental revival is a message that everyone on the political spectrum needs to hear.

SIZE 1 book \$17.29 ITEM BK679

You Can Farm

While this book can be helpful to all farmers, it targets the wannabes, the folks who actually entertain notions of living, loving and learning on a piece of land. Anyone willing to dance with such a dream should be able to assess its assets and liabilities; its fantasies and realities. Is it really possible for me? It's the burning question this book addresses.

Keeping a Family Cow

The cow is the most productive, efficient creature on Earth. She will give you fresh milk, cream, butter, and cheese, build human health and happiness, and even turn a profit for homesteaders and small farmers who seek to offer her bounty to the local market or neighborhood. She will provide rich manure for your garden or land, and will enrich the quality of your life as you benefit from the resources of the natural world.

Storey's Guide to Raising Chickens, 4th Edition

Serious poultry farmers and backyard bird raisers have relied on this best-selling reference for more than 20 years. The fourth edition of Gail Damerow's comprehensive handbook is now completely revised and redesigned, making it more accessible and informative than ever. You'll get the most up-to-date details on shelter, food, health care, eggs, chicks, and meat, and recent research into chicken behavior and communication makes the sections on flock management truly authoritative. New color photos and illustrations provide more specificity and information about chicken breeds, anatomy, and health.

Storey's Guide to Raising Ducks, 2nd Edition

With in-depth information on feeding, housing, behavior, and health care, this comprehensive guide also provides proven strategies for creating a profitable business plan and marketing your products. Whether you're about to acquire your first ducks or are interested in experimenting with rare breeds, Storey's Guide to Raising Ducks will help you achieve your duck-raising goals.

SIZE 1 book **\$15.73** ITEM BK618

Storey's Guide to Raising Rabbits, 5th Edition

The fifth edition of this best-selling handbook features the same detailed approach that has made it the trusted source for raising healthy, productive rabbits: plus a total redesign with color photos and graphics. Whether you're interested in raising rabbits for show, meat, fur, or as pets, this comprehensive guide offers expert advice on breed selection, housing, feeding, humane handling, and more. In addition, author Bob Bennett includes the most up to date information on preventative health care, treating diseases, marketing and showing.

BOOKS ABOUT SEED SAVING

Saving Vegetable Seeds

This illustrated, step-by-step guide shows you how to save seeds from 20 of the most popular vegetable garden plants, including beans, carrots, peas, peppers, and tomatoes. You'll learn how each plant is pollinated (key to determining how the seed should be saved), how to select the seeds to collect, and how to process and store collected seeds. Grow the varieties you love, year after year!

SIZE 1 book **\$8.03** ITEM BK561

Seed to Seed

This complete seed-saving guide describes specific techniques for saving the seeds of 160 different vegetables. This book contains detailed information about each vegetable, including its botanical classification, flower structure and means of pollination, required population size, isolation distance, techniques for caging or hand-pollination, and also the proper methods for harvesting, drying, cleaning, and storing the seeds.

BOOKS ABOUT SOLAR PROJECTS

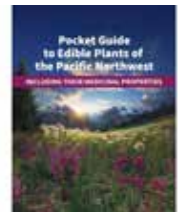

Install Your Own Solar Panels

Labor and related costs account for more than half of the price of the average home solar installation. But homeowners can save thousands of dollars with this user-friendly manual, which follows the same process professional contractors use. Through detailed directions and step-by-step photos, veteran solar installer Joseph Burdick and seasoned builder Philip Schmidt teach you how to determine the size, placement, and type of installation you'll need. This comprehensive DIY guide covers everything from assembling rooftop racking or building a ground-mount structure to setting up the electrical connections and making a battery bank for off-grid systems.

HUCKLEBERRY SEEDS

Garden Huckleberry Seed, Organic
Azure Husbandry

Garden Huckleberries are an heirloom, antioxidant-rich berry best used canned or frozen for jams, pies, and syrups. They are solanaceous (a nightshade like potatoes, tomatoes, and eggplant), so unripe fruits may be toxic and shouldn't be eaten raw. These plants grow very quickly and produce an amazing amount of large blueberry-like berries in a short time. Berries turn from glossy to dull black and slightly soft when ripe. These berries keep very well on and off the plant. Tasteless to slightly tart when eaten raw, but the best flavor is revealed when cooked and slightly sweetened. The brilliant purple/black hue is high in the antioxidant anthocyanin. Very fun to grow! Open pollinated.

Grain Seeds

EINKORN WHEAT SEEDS

Einkorn Ancient Grain Wheat Seeds, Unhulled, Organic
Azure Husbandry

OP. 112-140 days outdoors (10-14 days wheatgrass/ fodder). Heirloom. Einkorn is considered the most ancient wheat. It grows on a finer stalk, more like a grass than normal wheat. Einkorn is packed with more nutrients, vitamins, and dietary minerals than regular wheat. This is why it is so beneficial to use this ancient grain for growing wheatgrass. This Einkorn seed is very unique because it still has the hull on it for better germination.

Hale's Best Jumbo Muskmelon Seed, Organic
Azure Husbandry

OP. 75-80 days. Heirloom. Some people might consider these a cantaloupe because of their tan, heavily-netted skin and bright orange flesh. They supposedly have more of a unique "musky" flavor and may be not quite as sweet. All we can say is that we are sold on their delectable flavor and think it will soon become your favorite, too! Very good producer and vines are disease and drought tolerant.

Always Organic Plant Starts

Discover Over 190 Varieties Of Organic Plant Starts...

Available March Through June

About Our Plants

Ellie's Eden live plant starts are organic and non-GMO. They are available for purchase and ready to ship from now until June. Plants travel by truck in a dark box so we encourage gardeners to open the boxes and give the plants some time to gradually acclimate to their new climate before planting.

PLEASE NOTE: Due to Department of Agriculture regulations, we are unable to ship tomatoes, peppers, or eggplant to California.

Ellie's Eden plants are guaranteed to arrive in good, live condition.

If you notice damage to your plants due to freezing on the truck or stems of plants broken in transit, please notify Azure Standard customer service within 24 hours of delivery for credit. Ellie's Eden does not credit plants that die after being placed in the ground.

A Letter To All Our Customers

The greenhouses are a hubbub of activity these days. Tiny seeds are being planted, tenderly cared for, watered and grown. Then off they go to be packaged and sent out to your gardens all across the United States. It's really something quite beautiful. I can't help but think of all the ways it's changed over the last several years.

Watching Ellie grow right along with the greenhouses has been a bittersweet thing to witness as her mother. Her father proposed to me there, she took her first wobbly baby steps down the dirt covered aisle ways. She planted her first tray, pumpkin seeds, so that her chubby toddler fingers could easily place each one into the holes. For a few years she colored pictures on the boxes of plants before we would ship them to you. Now, this year, she is reading the orders, helping scan the plants for each box, and laughing with her uncles and aunts while she works. It's really quite beautiful. The greenhouses are a special sort of Eden. A little refuge and a place of great hope and growth. Growth that we owe in large part to each of you.

Each year as the demand for our little garden plants grows, we add another greenhouse, more team members, more plants, and new plant varieties as well.

We excitedly plan and looking forward to Ellie's Eden each and every year because we know that by growing these little garden plants, we aren't just helping you grow food for your tables but we are sharing a little bit of our Eden with you.

We are helping you cultivate wholesome nutritious food for your family, we are ensuring there will be mud puddles played in this spring, sprinklers ran through this summer, and flowers picked by tiny hands this fall. Thank you for allowing us to be a part of something so beautiful. Happy gardening season everyone!

Rejoicing always, Bethany Joy (Ellie's mom)

GARDEN GLOSSARY

TYPE	DEFINITION
(OP)- OPEN POLLINATED	A non-hybrid variety; one that can reproduce itself in kind.
(HR)- HEIRLOOM	An old variety that owes its present availability to the seed saving efforts of amateurs.
ANNUAL	A plant that germinates, produces seeds, and dies in one year. It may self-sow, thereby giving the impression of being perennial.
BIANNUAL	A plant that germinates, produces seeds, and dies in two years; usually but not always producing flowers only the second year.
PERENNIAL	A plant that persists more that two years in the zones specified, but does not bloom the first year and thus cannot be grown as an annual.
TENDER PERENNIAL	(Some perennials may be called a "tender perennial" in which case it may persist more than two years in the zones specified and blooms the first year, allowing it to be grown as an annual elsewhere.)
DETERMINATE TOMATOES	A bush type tomato that grows to a certain size and then puts its energy into ripening fruit. Fruits ripen over a more concentrated period of time allowing for 1 or 2 more harvests.
INDETERMINATE TOMATOES	A vining type tomato that continues to grow until frost. They usually have better flavored fruit but require more effort to trellis and prune. They will bear fruit continually until frost.
HYBRID	The offspring of a cross between two or more varieties, usually of the same species. (An F1 hybrid is a first generation offspring)

Early Moonbeam Melon, Organic

Early Moonbeam watermelons have a light-green skin with dark-green "tiger stripes". The rind is very thin and the flesh is bright yellow, juicy, and very sweet. Very attractive to accent a red-fleshed melon like the Crimson Sweet. This variety does great in cooler climates where melons don'tt usually mature. These little gems are very prolific and early producers of 6-10 lb. fruits! Open Pollenated (OP), 75-80 days. Heirloom.

Azure Farm Beef is Better.

HERE AT AZURE FARM, we know how to treat cattle right to yield the healthiest, tastiest beef.

Our lean Piedmontese cattle graze across our certified organic pastures and receive plenty of fresh air and clean, safe water. Each week, they come running when they hear the sound of the truck that brings them fresh, organic fruit and vegetable pulp for a treat that also provides extra vitamins and minerals.

In winter months, cattle are fed a combination of organic alfalfa and triticale hay grown on the farm, along with the pulp and any grass that might be available in their pasture. Their diet is supplemented with Redmond mineral salt to produce the highest quality, healthy organic beef.

*We are proud to serve our own families this wholesome beef,
and we'd love to share it with you.*

Wholesome beef for health-conscious people.

OUR CORE VALUES

~Defining who we are.~

INSPIRE HEALTHY & ABUNDANT LIVING.
This is what Azure is all about! This is our mission, our vision and our passion!

PROVIDE AZURE STANDARD QUALITY SERVICE.
In our business we have a special relationship with our customers and that's what sets us apart from any other company we know.

**BUILD RELATIONSHIPS.
FORGIVE & EMBRACE THE MOMENT.**
Everything we do at Azure is about relationships- with our soil and plants, with family and team.... with our product vendors and our customers.

EMBRACE CHANGE. PRACTICE FLEXIBILITY.
Azure's mission is to help inspire the world to change, embracing more abundant health.

PURSUE LEARNING & INNOVATION.
Learning and Innovation are what made it possible for us to imagine and march forward with the stages of growth necessary to bring Azure to where it is today.

DREAM OUR PASSIONS. LIVE OUR DREAMS.
At Azure, we love to think, talk, and go to sleep reflecting on the things we're excited about:

SUPPORT INDEPENDENT & FAMILY-OWNED VENTURES.
Azure is fiercely independent and family owned and we believe a spirit of independence is what makes our customers, our communities and our country great.

**PROMOTE HEALTHY FOOD FROM HEALTHY SOIL;
WE ARE WHAT WE EAT.**
We care deeply about what we eat, where our food comes from and how it was grown.

KEEP IT CLEAN & SUSTAINABLE.
Azure embraces and practices sustainability at all its locations resulting in a zero waste organization.

**CREATE JOY & FULFILLMENT THROUGH
SERVING & MAKING A POSITIVE DIFFERENCE IN
THE WORLD.**
Azure believes the greatest mission any individual, community or business can do is Serve and Make a Positive Difference in the World.

**EXEMPLIFY PERSONAL TRANSPARENCY
& OPEN BUSINESS PRACTICES.**
Personal transparency is the beginning of all meaningful relationships.

DO MORE WITH LESS.
At Azure we always seek to emulate the principles of how nature is created to operate.

Inspire Healthy & Abundant Living.

THIS is what Azure is all about. It's our mission, our vision and our passion.

We inspire healthy and abundant living in our own lives first, and then in our families, our community, and our customers across the country.

To inspire someone, we must radiate it from our whole being.

Our actions, our language, our appearance must contagiously speak volumes of healthy and abundant living.

Healthy means that we are living as we were created to, working with the universal laws that govern everything.

Abundant means we have lots of it—our needs are more than fulfilled!

How does your garden grow?

Before spring is underway, second and third generation farmers (and their kids) are carefully tending seedlings inside our commercial-sized greenhouse.

Each seedling is nurtured and hand-tended in superior soil until ready for your garden ... so you can enjoy a lush, healthy garden with ease.

Available on drop delivery in your community!

Always Organic Plant Starts

When your seeds don't take,
When you're not having luck,
When you want to enjoy yields sooner,
When the season is getting away from you,
When your garden matters,
...choose Ellie's Eden.

Over 176 Varieties (and growing every year) Available March Through June.

Sea-90 Video Webinar:

THE FIRST STEP IN REGENERATIVE AGRICULTURE

The **only** original ocean mineral from Dr. Maynard Murray.

Life begins in the soil.

Naturally restore soil health and fertility with Sea-90's complete spectrum of minerals and trace elements. Feed soil bacteria, enzymes, and fungi to unlock valuable nutrients for your gardens, pastures, and fields, so you can **grow healthier, more nutrient-dense vegetables, fruits, grass, and hay.**

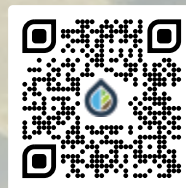

**All Sea-90 products are
OMRI and CDFA certified
for organic production.**

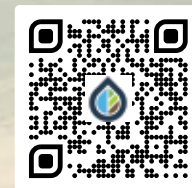

Animals need minerals to thrive.

Sea-90 provides up to **5x more minerals** than other **mineral salts** to your herd, horses, smaller ruminants, and even household pets. **Improve hydration, reproductive health, and overall vitality with Sea-90!**
